CONFERENCE INTRODUCTION

2022 12th International Conference on Environmental Engineering and Applications (ICEEA 2022) to be held on June 24-26, 2022 in Xi'an | Sian, China. The conference was organized by the Hong Kong Chemical, Biological & Environmental Engineering Society (HKCBES), Environment and Agriculture Society (EAS) and supported by Xi'an Jiaotong University and Chang'an University. The ICEEA conference series have been held successfully in Shanghai, Dubai, Singapore, Nottingham, Chengdu, Kuala Lumpur, Rome, Amsterdam and Prague. ICEEA 2022 will provide a forum for researchers and practitioners in the field to share ideas, designs, and experiments.

CALL FOR PAPER

Topics of interest for submission include but are not limited to:

1.Environmental Ecological Engineering

(1)

- Ecosystem Management and Sustainable Development
- Global environmental change and ecosystems management
- Biodiversity conservation
- Deforestation
- Soil decontamination

(2)

- Environmental Monitoring and Management
- Health and the Environment
- Hazardous substances and detection techniques
- Transboundary cooperation

2.Resources and Environment Engineering

(1)

- Water Resources Management and Water Pollution Control
- Physical oceanography
- Ground water management
- Process modelling
- Industrial wastewater treatment
- Hydrology

(2)

- Atmospheric science and air pollution control
- Meteorology
- Global warming
- Biofuels
- Indoor air pollution
- Control technologies
- Emission sources
- Control technologies

(3)

- Solid Waste Pollution Control and Resource Utilization Solid waste management
- Resource management
- Leachate treatment
- Waste valorization
- Waste valorization
