ICEEA 2024

April 24-26, 2024 Madrid, Spain

Conference Website: www.iceea.org

CONFERENCE INTRODUCTION

2024 14th International Conference on Environmental Engineering and Applications (ICEEA 2024) is going to be held on April 24-26, 2024 in Madrid, Spain. The ICEEA conference series have been held successfully in Shanghai, Dubai, Singapore, Nottingham, Chengdu, Kuala Lumpur, Rome, Amsterdam, Prague and Madrid. ICEEA 2024 will provide a forum for researchers and practitioners in the field to share ideas, designs, and experiments. Participation from academia, industry and government is welcome.

CONFERENCE HISTORY

ICEEA 2023 Madrid, Spain

ICEEA 2020 Virtual Conference

ICEEA 2018 Amsterdam, Netherlands

ICEEA 2022 Virtual Conference

ICEEA 2019 Prague, Czech Public

ICEEA 2017 Rome, Italy

More information please visit: www.iceea.org

PUBLICATION

All the accepted and presetend papers will be published into regular issues of International Journal of Environmental Science and Development (IJESD, ISSN:2010-0264). The journal is now indexed by Scopus (CiteScore 2022: 1.4), Chemical Abstracts Services (CAS), CABI, Ulrich Periodicals Directory, Electronic Journals Library, Crossref, ProQuest.

IMPORTANT DATES

Submission Deadline:March 1, 2024Notification:March 15, 2024Registration Dealine:March 25, 2024Conference Dates:April 24-26, 2024

KEYNOTE SPEAKERS

CALL FOR PAPER

Prof. Vincenzo Belgiorno University of Salerno, Italy

Prof. Eric van Hullebusch Université Paris Cité, France

Prof. Eric J. Strauss Michigan State University, USA

Co-organized By

Topics of interest for submission include but are not limited to:

1. Environmental Ecological Engineering

(1)

- Ecosystem Management and Sustainable Development
- Global environmental change and ecosystems management
- Biodiversity conservation
- Deforestation
- · Soil decontamination

(2)

- Environmental Monitoring and Management
- · Health and the Environment
- · Hazardous substances and detection techniques
- Transboundary cooperation

2. Resources and Environment Engineering

(1)

- Water Resources Management and Water **Pollution Control**
- Physical oceanography
- Ground water management
- Process modelling
- Industrial wastewater treatment
- Hydrology

(2)

- Atmospheric Science and Air **Pollution Control**
- Meteorology
- Global warming
- Biofuels
- Indoor air pollution
- · Control technologies
- · Emission sources
- Control technologies

(3)

- Solid Waste Pollution Control and Resource Utilization Solid Waste **Management**
- · Resource management
- Leachate treatment
- Waste valorization
- Waste valorization

Technical Support
